GENERAL SUMMARY:

We have been chosen to be one of five foster care agencies in the New York foster care system to implement an evidence-based model called: ChildSuccessNYC-A Foster Care Model.

Child Success NYC is an innovative foster care model that was developed to strengthen placement stability enhances well-being and expedites permanency for children in foster care. Child Success NYC links together different evidence-based model components to establish a New York City model of care. The Coalition for Hispanic Family Services Foster Boarding Home program and the Administration for Children Services (ACS) will be taking a new approach to working with foster parents, birth families and youth in foster care. This new approach includes evidence-based models to work with foster parents, birth parents and youth. We are very excited to be part of this foster care pilot program.

This will be a great career opportunity for individuals interested in both learning and implementing evidence based models within the foster care system, as well as, work closely with ACS.
